### SECTION III - RELATIONSHIP OF ASSESSMENT TO STANDARDS

### SECTION III - RELATIONSHIP OF ASSESSMENT TO STANDARDS

For each ACEI standard on the chart below, identify the assessment(s) in Section II that address the standard. One assessment may apply to multiple ACEI standards.

## 1. DEVELOPMENT, LEARNING AND MOTIVATION

ACEI Standard		#1	#2	#3	#4	#5	#6	#7	#8
DEVELOPMENT, LEARNING AND	We	Met	t ľ	Γhis					
MOTIVATION—									
Candidates know, understand, and use the major									
concepts, principles, theories, and research									
related to development of children and young									
adolescents to construct learning opportunities									
that support individual students' development,									
acquisition of knowledge, and motivation.									

#### 2. CURRICULUM STANDARDS

ACEI Standard	Ħ	1 #	2 #.	3 #4	1 #5	#6	#7	#8
2.1 English language arts—Candidates demonstrate	X	X	X	X		X	X	X
a high level of competence in use of English								
language arts and they know, understand, and use								
concepts from reading, language and child								
development, to teach reading, writing, speaking,								
viewing, listening, and thinking skills and to help								
students successfully apply their developing skills								
to many different situations, materials, and ideas								
2.2 Science—Candidates know, understand, and use	X	X	X	X	X	X		
fundamental concepts in the subject matter of								
science—including physical, life, and earth and								
space sciences—as well as concepts in science and								
technology, science in personal and social								
perspectives, the history and nature of science, the								
unifying concepts of science, and the inquiry								
processes scientists use in discovery of new								
knowledge to build a base for scientific and								
technological literacy								
2.3 Mathematics—Candidates know, understand,	X	X	X	X	X	X		

		1	1	1	1			
and use the major concepts, procedures, and								
reasoning processes of mathematics that define								
number systems and number sense, geometry,								
measurement, statistics and probability, and algebra								
in order to foster student understanding and use of								
patterns, quantities, and spatial relationships that								
can represent phenomena, solve problems, and								
manage data.								
2.4 Social studies—Candidates know, understand,	X	X	X	X		X	X	
and use the major concepts and modes of inquiry								
from the social studies—the integrated study of								
history, geography, the social sciences, and other								
related areas —to promote elementary students'								
abilities to make informed decisions as citizens of a								
culturally diverse democratic society and								
interdependent world.								
2.5 The arts—Candidates know, understand, and		X	X	X	X	X		
use—as appropriate to their own understanding and								
skills—the content, functions, and achievements of								
dance, music, theater, and the several visual arts as								
primary media for communication, inquiry, and								
insight among elementary students.								
2.6 Health education—Candidates know,		X	X	X		X		
understand, and use the major concepts in the								
subject matter of health education to create								
opportunities for student development and practice								
of skills that contribute to good health.								
2.7 Physical education—Candidates know,		X	X	X		X		
understand, and use—as appropriate to their own								
understanding and skills—human movement and								
physical activity as central elements to foster active,								
healthy life styles and enhanced quality of life for								
elementary students.								
2.8 Connections across the curriculum—Candidates		X	X	X	X	X	X	
know, understand, and use the connections among								
concepts, procedures, and applications from content								
areas to motivate elementary students, build								
understanding, and encourage the application of								
knowledge, skills, and ideas to real world issues.

# 3. INSTRUCTION STANDARDS

## **ACEI Standard**

## #1 #2 #3 #4 #5 #6 #7 #8

3.1 Integrating and applying knowledge for instruction—Candidates plan and implement instruction based on knowledge of students, learning theory, subject matter, curricular goals, and community.	X	X	X		X	X	
3.2 Adaptation to diverse students—Candidates understand how elementary students differ in their development and approaches to learning, and create instructional opportunities that are adapted to diverse students.	X	X	X	X	X		
3.3 Development of critical thinking, problem solving, performance skills—Candidates understand and use a variety of teaching strategies that encourage elementary students' development of critical thinking, problem solving, and performance skills.	X	X	X	X	X	X	
3.4 Active engagement in learning—Candidates use their knowledge and understanding of individual and group motivation and behavior among students at the K-6 level to foster active engagement in learning, self motivation, and positive social interaction and to create supportive learning environments.	X	X			X	X	
3.5 Communication to foster collaboration— Candidates use their knowledge and understanding of effective verbal, nonverbal, and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the elementary classroom.	X	X		X	X		
4. ASSESSMENT FOR INSTRUCTION— Candidates know, understand, and use formal and informal assessment strategies to plan, evaluate and strengthen instruction that will promote continuous intellectual, social, emotional, and physical development of each elementary student.	X	X	X	X	X	X	
5.1 Practices and behaviors of developing career teachers—Candidates understand and apply practices and behaviors that are characteristic of developing career teachers.	X		X		X	X	X
5.2 Reflection and evaluation—Candidates are	X	X	X	X	X		

aware of and reflect on their practice in light of research on teaching and resources available for professional learning; they continually evaluate the effects of their professional decisions and actions on						
students, parents, and other professionals in the						
learning community and actively seek out						
opportunities to grow professionally.						
5.3 Collaboration with families—Candidates know	we	met	this			
the importance of establishing and maintaining a						
positive collaborative relationship with families to						
promote the academic, social and emotional growth						
of children.						
5.4 Collaboration with colleagues and the			X		X	
community—Candidates foster relationships with						
school colleagues and agencies in the larger						
community to support students' learning and well-						
being.
