

Monday aft. &
early eve -

My dearest,

The weather is beautiful, sunny, and
both baby and myself are of good cheer.
It was a wonderful feeling to receive 4
mail letters from you early this morning
and I'm determined to publish your master-
pieces if only for our family alone. So
many wonderful thoughts and beautiful
ideals are written only the way you
know how. Happy to know that you're
well and that you started the ball
rolling (that letter). Here's hoping for the best.

Last night it was difficult for me
to write an interesting letter because my
sisters and I were talking and I rushed
it a bit so that Eleanor could mail it.
She also mailed some negatives and a roll
of exposed films to the Fox Fotos. Soon after
she left, I fell asleep and had a troubled
dream about you and was hurt be-
cause you forgot to say good-bye to me.

You were leaving for camp after another
forlough and I had to run after you to
remind you about kissing baby and me.
After I awake, I feel better and then
had your letters to brighten me up for
the day. Jimmie and I got outdoors early
did some shopping and baby behaved all
morning. He's becoming obedient again
and is always feeding his little seedier pie.
He's become quite attached to him since
yesterday and talks to him, gives him
lunch, water and puts him to sleep.
We've got a darling boy. Daddy, and
I do wish this mess would ~~end~~ so
that we could be together as one
happy family.

It's late afternoon now, Jimmie ^{and I} are
in Vanderwever Park and it's delightful here.
The air smells so fragrant, the green is
so good for my eyes and baby is having
a wonderful time romping around the
grass. He goes after all the other

Children's toys, plays with all and
loves to tease the more timid ones.
His specialty is taking other little
girl's doll carriages away but he's so
harmless and gives all his toys to the
other children. He still has a big cheery
"hello" for all and always manages to
make others smile.

In the afternoon mail I got your 5th
letter today and am so glad you had an
enjoyable Sunday, saw those horse-bell
games and that you have some social life.
It's good for you and maybe I'll get out
to night to see a movie at my good friend
Betty's insistence. She's most considerate
of me and some day I'll try to show her
my gratitude in grand style. It's about
5 o'clock now and I'll be leaving the park
in a few minutes so I'll continue after
supper with my correspondence.

Just re-read your Sunday letter and don't
feel too badly, my darling, about that

being with me on Mother's Day. You're
always with me, sweetheart, and as long as
I can talk with you once in a while, the
great distance doesn't matter too much.

Baby is fast asleep now (7 p.m.) and
after the beautiful weather all day, it's
now raining with thunder and lightning.
But it looks more like a summer shower
and will be over soon. Meanwhile I
decided to go to the movies to-night to
see "Up in Arms" with Danny Kaye and
"The Memphis Belle."

The best time to call me is about
10'clock on Sunday and I've already
called Mom to tell her and Pop & make
sure to be here. They're both fine and
send you their love.

All the love that's in my heart is
yours, my sweet and as always
Baby sends a kiss and hug to his Mommy's
darling.
As always,
Theodore
