

Coll. Weare

Boston Feb. 7. 1765 39+6

I have present a petition to Court & been heard by a
Committee - the plan we have is imperfect, the
Proprietors of Phillis town have just finish their lines -
there is an absolute necessity of having the lines deter-
mined, by applying to Coll. Moulton of York & his sons
& Deacon Simpson you may get from them all that is
necessary which you must send me directly before
next week if you have any desire to get it settled &
when I have the proper certificates, I shall meet with
no difficulty

I am Y^r M^o & C^o
