SEE INSTRUCTION NO. 2

Dear George,

Saturday -

Had a very pleasant day and your two girls are fine. We had a lovely dinner at my Mom's house - meat, duck with all the trimmings and it was very delicious. Also spent the afternoon shopping and looking for jewelry in stores and under counters.

In the evening Dad and Jan surprised us and we were very happy to see them. They're both well and are staying a few days. The girls are well and when I spoke to Pop he told me what he has the perfume and pictures from you. Perfumes are about \$5 a bottle of L'Orange perfume. Thanks, sweetheart.

Received your April 26th letter and April 30th letter. Hope you're getting more mail and packages and that you continue to stay well and not move into the Pacific area. You've had enough sight seeing.

I love you more and more and Jim and Grandpa always of love and kisses. Don't worry, we're fine.
