

Wednesday

Dear George:

Writing this Wednesday
night, although I won't mail it
until I get your new address.
Ibunda told me you were on the
move, and I cautioned her not to
be worried if she don't hear from
you for a number of days, explaining
that they quarantine you for a while
when you get to a new camp.

Knowing army life doesn't allow
one time to attend to personal
problems, I wanted to prepare
her for a delay in news from you.

Not much news to relate.
I guess by the time you get this,
the long awaited news on the
Churchill, Stalin + FDR
conference will have broken.

The market steadied a little today, and I think after some remaining tax selling, the greatest part of which should be cleaned up next week, I think a pretty good year end rally should set in. Today A.D.C. took a 10 point spurt. I heard in addition to the barrel, they are going to give an added dividend of a case of Guckenheimer with right to buy at cost an additional $\frac{1}{2}$ case. Of course, the move isn't hurting our accounts. I bought 100 @ 100 today for a new G.E. It finished @ $104\frac{1}{2}$. So far I have only given real attention to Harris

Every body is anxious to know the results, and I hope it isn't a dud, which usually is the case when any thing gets a big build-up.

Just got a phone call from Richard. His girl is definitely leaving a week from tonight, and they plan to get married on her arrival. So we are in the throes of exciting preparation for a wedding from which we will be absent in person, but very much present in spirit.

Sometime late next week, it is my hope to ask my wife to go with me for a visit to Florence. I thought it would be nice if we occupied one of her lonely evenings.

The others of yours I will start
tackling tomorrow. Storch I
don't bother with too much. The
first time I called, he gave me
a snappy "too busy" answer. I
called him after that only once
and he was very nice. I think I'll
limit him to an occasional call.

Am hoping you land nearby,
but am a little pessimistic that
it will be so. They seem to send
Easterners to the West and
vice versa. No matter where,
I'm with you and whatever your
needs, just say the word.

My best and loads of
good luck.

Sincerely
M
