Monday -

Dear George,

After Saturday night's excitement all is quiet again and the home front will be the real thing with the post-announcement and then we'll be seeing you.

Jim and I are fine, miss you a lot and love you very, very much. We spent a quiet Sunday here and my mother and Eleanor came after your photo left. Jim is still a bit mischievous and after all, he is a boy. We took a few snapshots near the house and try to finish the roll this week.

This morning there was no mail from you but the 9:10.00 bus from Newark came through. I'm buying a book for us to keep and also bought one for Jim a few weeks ago. Hope you received the camera by now and more packages sent last month. Did you know yet what the date is? If it's difficult for you to obtain, it isn't important.

V. Day is in the air and all at home are in good spirits - waiting for you and loving you the more. It gives my life so much meaning and happiness. Stay well, my beloved and come we'll be united again. Lovingly,
 Fred Shiff
