

3 miles north west of Chancellor ^{ville}
Battle Ground of the Wilderness
May 6th 1864

Dear Parents:

I have just been
through a terrific battle almost
equal to that of Fredericksburgh
Our brigade formed a line in front
of 4 lines of the 3rd Div & we all
together charged on the rebels driving
them half a mile over two lines of
rifle pits They fought desperately
for the bullets were showered on us
like hot stones during a shower
I was not stretched through the
bullets were buzzing about me
for three fourths of an hour

We drove them through the woods
to an open field they retired over beyond
the field but in a few minutes we
discovered that the rebels were march^{ing}
